Question	Person	1
What did you complete since the last meeting?	Liam Fernando	updated layout for profile and profile details, refactoring
	Tyler Griggs	groundwork for the friend list, friend search filter
	Christopher Gupta	espresso testing, junit testing
	Timothy Patterson	framework for teams, warning about exercise
What will you accomplish before the next meeting?	Liam Fernando	finish the sms for verification
	Tyler Griggs	individual friends list
	Christopher Gupta	Delete user
	Timothy Patterson	team create, team join
Do you have anything that's getting in the way of doing your work?	Liam Fernando	tests, other class
	Tyler Griggs	lack of time, schedule
	Christopher Gupta	time, classes, work
	Timothy Patterson	time
What insights have you made?	Liam Fernando	none
	Tyler Griggs	none
	Christopher Gupta	none
	Timothy Patterson	none
Do any changes to the project need to be made as a result of your work?	Liam Fernando	none
	Tyler Griggs	none
	Christopher Gupta	none
	Timothy Patterson	none

Question	Person	6
What did you complete since the last meeting?	Liam Fernando	profile edit will work
	Tyler Griggs	coaches can view the list of athletes
	Christopher Gupta	remove account button
	Timothy Patterson	athletes can join and create teams
What will you accomplish before the next meeting?	Liam Fernando	layouts and bugfixes
	Tyler Griggs	resources and layouts
	Christopher Gupta	work on a popup menu
	Timothy Patterson	removed from team on unsubscribe
Do you have anything that's getting in the way of doing your work?	Liam Fernando	time
	Tyler Griggs	time
	Christopher Gupta	time
	Timothy Patterson	time
What insights have you made?	Liam Fernando	Database
	Tyler Griggs	android manifest
	Christopher Gupta	database usage
	Timothy Patterson	Database pulling
Do any changes to the project need to be made as a result of your work?	Liam Fernando	none
	Tyler Griggs	none
	Christopher Gupta	none
	Timothy Patterson	none

2	3
refactoring and ui improvements	finished the email verification, password recovery
friends list loads individual list	add friends from friends search, friends list
progress on deleting accounts	remove account, toast messages
activity warning, additional frameworks, refactoring	unsubscribe from challenges
email and phone verification	finishing the profile information, coaches see athlete info
adding friends	edit profile
delete button fully working	delete button and sprint documentation, testing
team implementation	teams
time	time
other work	verification emails, time
time, comprehension	work, time
time	time
utilization of ui objects	firebase authentication and email services
database movement	database referencing and uid
how firebase works	Toast messages, progress messages, removing stuff from the database
the importance of refactoring and code comments	refactoring and code comments
none	nope
none	verification to make testing easier
none	nope
none	nope

7	8
refactoring and layouts	editing layouts, issue catching
layouts and graphics	mass resource creation and layout work
documentation	popup menu
bug fixes and refactoring	athletes are removed from the team when they leave a challenge
editing layouts, issue catching	finish edit profile and profile
mass resource creation and layout work	gui changes and better search athlete
popup menu	popup menu and sprint 2 retrospective
athletes are removed from the team when they leave a challenge	random team assignments
finish edit profile and profile	time
time	time
time	time
time	time
none	Database management
none	list view is legacy and we should use recycler view
none	how to popup menus
none	database maneuvering
none	none
none	none
none	none
none	none

4	5
implemented profile class, viewing of profile	refactoring and layouts
coaches can see the challenges they created	layouts and graphics
started the sprint retrospective, clearing database	documentation
team creation for challenges	bug fixes and refactoring
user bio/profile editing	profile edit will work
layouts for coach and coaches see athlete profile	coaches can view the list of athletes
sprint retrospective, clearing user from database	remove account button
join teams, bugfixes	athletes can join and create teams
time	time
lack of understanding	time
learning, time	time
time	time
how data is stored in the database	none
the .equals() method	none
how database registration is removed	none
popup messages with inputs	none
clean up database	none
nope	none
nope	none
challenge exercise storage	none

9	10
refactoring and layouts	refactoring
layouts and graphics	layout work
documentation	sprint 2 retrospective
bug fixes and refactoring	random team assignments
refactoring	challenge implementation
layout work	friends list work
sprint 2 retrospective	documentation
random team assignments	bug fixes and error handling
time	testing and time
time	none
time	time
time	time
none	none
none	style sheets
none	none
none	none
none	none
none	none
none	none
none	none
